5.setting password

6. "create a password"

7.user password, "Create Password"

Back 📀 🕵 Home	
earn About	Create a password for 2's account
 Creating a good password hint Remembering a password 	You are creating a password for 2. If you do this, 2 will lose all EFS-encrypted files, personal certificates, and stored passwords for Web sites or network resources.
	To avoid losing data in the future, ask 2 to make a password reset floppy disk. Type a new password:
	Type the new password again to confirm:
	If the password contains capital letters, they must be typed the same way every time.
	Type a word or phrase to use as a <u>password hint:</u> [2]
	The password hint will be visible to everyone who uses this computer.
	<u>Create Password</u> Ca
